

Municipal Light Department

Town of West Boylston  
Massachusetts

Large Municipal

M.D.T.E. #266

Availability

Service under this rate is available to the Town of West Boylston for all municipal services with average usage over 6000 kwh per month, except street lights.

Rate

Delivery Services

Customer Charge	\$16.67
Distribution Charge	\$ .022162 per kwh
Transition Charge	\$ .039190 per kwh
Transmission Charge	\$ .013130 per kwh

Supplier Services

Generation Charge	\$ 0.043364 per kwh
Demand Charge	\$ 8.33 per kw

Billing Demand

If the maximum 15 minute uncontrolled demand exceeds 5 kilowatts, the Department will install a demand meter and charge for the excess capacity requirements at the rate of \$8.83 per kilowatt for all demands.

Purchased Power Adjustment

A purchase power adjustment, either a charge or a credit, shall be applied to all kilowatt hours sold under this rate. Details of this adjustment are provided in the Purchase Power Adjustment Clause, M.D.T.E. #267

## Discounts

A discount of 10% will be allowed off the cost of Delivery and Supplier Service charges as computed from the above for each bill paid within 10 days after date of billing, provided that all bills previously rendered have been paid in full. Payment made by mail will be accepted for discount if properly postmarked within the discount period.

## Payment

Bills are due when rendered and must be paid within twenty-eight (28) days from the billing date. If a balance remains after sixty (60) days a 1-1/2% interest will be added to the unpaid balance. On all accounts not paid in full within sixty (60) days from the billing date, collection and termination will be in accordance with regulations set by the M.D.T.E.. If disconnection follows, a charge of \$55.00 will be added for re-connecting the service. A \$25.00 fee will be charged for all returned checks, unless due to bank error.
